PROFESSIONAL SUMMARY

Aspiring Full-Stack Developer with a strong foundation in web application development, UI/UX design, and modern software engineering practices. Skilled in developing responsive and user-friendly applications using Django, React, JavaScript, Python, HTML, CSS, and Tailwind CSS. Experienced in designing interactive user interfaces using Figma and managing code repositories with Git and GitHub. Passionate about building scalable web solutions, learning emerging technologies, and contributing to innovative development teams.

TECHNICAL SKILLS

Programming Languages

- Python
- JavaScript (ES6+)
- HTML5
- CSS3

Frameworks & Libraries

- Django
- React.js
- Tailwind CSS

Tools & Platforms

- Git
- GitHub
- Visual Studio Code
- Figma

Core Competencies

- Full-Stack Web Development
 - Responsive Web Design
 - UI/UX Design
 - REST API Integration
 - Version Control
 - Database Management
 - Problem Solving
-

PROJECTS

Suitcase Management Application

Technologies: Figma, HTML, CSS, JavaScript, Django (*update as applicable*)

- Designed and developed a suitcase management application from concept to implementation.
- Created intuitive user interfaces with a focus on usability and user experience.
- Applied responsive design principles to ensure compatibility across devices.
- Collaborated on application workflow and feature planning.

Teacher & Student Content Management System (CMS)

Technologies: Django, Python, HTML, CSS, JavaScript

- Developed a CMS with separate functionalities for teachers and students.
- Implemented user authentication and role-based access control.
- Designed interfaces to streamline educational management processes.
- Improved usability through structured navigation and responsive layouts.

Figma Onboarding Design Project

Technologies: Figma

- Created onboarding screens, wireframes, and interactive prototypes.
 - Designed user-centered interfaces following modern UI/UX principles.
 - Conducted design iterations to enhance user engagement and accessibility.
-

EDUCATION

ISMT College (Affiliated with University of Sunderland)

Bachelor's Degree in Computing / BSc (Hons) Computer Systems Engineering

Graduation: 2026

COBASS College

Higher Secondary Education (+2)

S.B.H.S

Secondary Education Examination (SEE)

RELEVANT COURSEWORK

- Software Development
 - Database Systems
 - Web Technologies
 - Human-Computer Interaction
 - Object-Oriented Programming
 - Software Engineering
-

ACHIEVEMENTS

- Developed multiple academic and personal web development projects.
 - Applied UI/UX design principles to improve application usability.
 - Utilized Git and GitHub for source code management and version control.
 - Continuously learning modern web development technologies and best practices.
-

SOFT SKILLS

- Communication
- Teamwork
- Adaptability
- Critical Thinking
- Time Management
- Fast Learner
